## Lindner's Fishing Edge Television Episodes for 2016

### SHOWS 1-13

**Show 1      Title: Dockin' Largemouth**

Jeremy Smith and Kyle Peterson spend a day on the water pitchin' docks for big largemouth bass. On sunny days, you'll have things made in the shade using these deadly effective, underhanded tactics.

**Show 2      Title: Tip Top Smallies**

Al and Dan Lindner travel to the remote wilderness waters of Marmion Lake in northwest Ontario, where smallmouth bass are big, feisty and plentiful. Surface lures kick up a ruckus for bronzebacks atop shallow reefs.

**Show 3      Ghost River Walleye**

James and Nick Lindner head north to Ghost River in northwest Ontario, where plentiful walleyes provide dependable action and delicious shore lunches. Jigs, bottom bouncers & spinners, and crankbaits produce big-time results.

**Show 4      Title: Monster Musky**

Jeremy Smith and Brian Truax tackle Rainy Lake in northwest Ontario in search of giants muskies. Fast-moving bucktails locate massive fish and trigger savage strikes atop mainlake food shelves with weeds or rock cover.

**Show 5      Title: Deepwater Gills**

James Lindner and Dave Csanda use drop-shot rigs tipped with small softbaits to entice platter-sized bluegills to bite in deep water. It's a remarkably deadly tactic for large panfish that head deep in mid- to late summer.

**Show 6      Title: South Dakota Bass**

Jeremy Smith and Ty Sjodin enjoy a spring fling for largemouths, smallmouths and white bass on South Dakota prairie lakes. Power fishing

shallow, warming, windswept bays locates and catches active, loosely-schooled fish.

**Show 7 Title: Swim Bait Smallies**

James Lindner and Jeremy Smith fish the outer edges of shallow humps for early prespawn smallmouths that have yet to penetrate the shallows. Lightweight jigheads tipped with paddletails tempt finicky smallmouths into biting.

**Show 8 Title: New Mexico Walleye**

Al and Troy Lindner fish walleyes in the sunlight zone on Ute Reservoir, New Mexico. Jigging tactics intercept postspawn fish moving from spawning sites near the dam, along shallow mainlake flats with rock and gravel cover.

**Show 9 Title: Modern Catfishing**

Dave Csanda and Jeremy Smith employ advanced electronics to locate and catch huge channel catfish on the Red River between Minnesota and North Dakota. Finesse deadbait tactics excel when the fish are fussy. The rest of the time, it's pandemonium!

**Show 10 Title: Shadow Bait Bass**

Al Lindner and Mark Fisher toss Shadow Rap jerkbaits for largemouth bass in cold water. Subtle twitches followed by long pauses allow their lures to reverse nearly in place, pause, and slowly sink, triggering follow bass into striking.

**Show 11 Title: Mohave Smallies**

Al and Troy Lindner fish the crystal clear waters of Lake Mohave, Arizona for smallmouth bass, where habitat restoration has caused smallie populations to explode. Subtle hair jigs and grubs fool wary bronzebacks into biting.

**Show 12 Title: Rippin' Rappin' Walleye**

Al and Dan Lindner vertically jig vibrating crankbaits for deep-water walleyes in a fertile natural lake in western Minnesota. They rely upon speed and vibration to trigger reaction bites during the warm water of summer.

**Show 13 Title: Deep Weed Largemouth**

Al and Troy Lindner ply the deep weedline of a natural lake for largemouth bass during midsummer. Texas-rigged, large soft plastics and West Coast-style Izzy-rig stickbaits fool big bucketmouths into biting.
